TSA REGISTRATION PROCESS

- The United States Transportation and Security Administration requires that all M-1 students complete a security clearance for the following ratings: PPL, IR, and Multi-Engine Commercial Pilot. With each clearance, the TSA charges a \$130 fee. The fee for the first

- rating, PPL, is not collected as part of the Flight Training payment. The student prior to arrival in the US must pay it once FANO verifies that the applicant has completed the TSA application properly. The remaining TSA fees are included in the flight training payment. Extreme care must be taken with the TSA registration as slight imperfections can cause undesirable delays in clearance. Neither your Agent nor FANO is responsible for delays caused by TSA.
- After the student receives his/her Acceptance packet, he/she should establish their TSA account at www.flightschoolcandidates.gov Choose the option Create New Student Account below the login area and follow the directions from there.
 - TSA requires a scanned copy of your passport. Be sure you have it available before initiating the request.
 - To request a clearance for the PPL, the course name is Initial, Course ID PPL101, aircraft type C-152, and estimated start is course commencement date listed on I20. This is a Category 3 request.
 - Once the training request is approved, TSA will request payment. The student should login and pay the PPL TSA fee of \$130. All remaining TSA fees are included in the package and will be paid by FANO to TSA when due.
 - The final phase of TSA registration is fingerprinting. FANO encourages each applicant to complete the fingerprinting before the candidate arrives in the US, as the TSA process is not within our control. It usually takes 7-10 days to complete; however, we've seen it take up to 2-3 weeks. FANO can arrange an appointment with an approved TSA Fingerprinting Agent upon arrival and the fingerprints will be mailed to TSA. The fingerprinting fee is \$24 and the shipping fee is approximately \$15. These fees are not included in the tuition and are payable at the student's expense. Allow approximately 7-10 business days for the initial security clearance once fingerprinting is completed. Applicants waiting for their clearance will begin their PPL Ground School classes, which last approximately two weeks.

 - Passport valid for at least six months after your proposed date of entry into the US and previously issued passports.
 - Visa Fee Receipt issued by country approved bank, and interview appointment letter.
 - SEVIS generated I20. DO NOT BRING A COPY. It must be the original I20 signed and approved by Flight Academy.

 - The bank receipt for the Visa appointment fee.
 - VFS appointment letter.
 - I-901 Proof of Payment (SEVIS receipt)
 - Proof of TSA initiation

- Proof of "strong ties" to your country. For example, your rental papers or property ownership papers. A letter from an airline willing to provide you with an interview upon return. Information about your spouse or family members that will help the consular determine that you will be returning to them. If you are employed and taking leave of absence to complete training, proof that your employer has issued you a temporary leave of absence but requires you return to work afterward.
- DO NOT BRING COPIES OF ANY REQUIRED DOCUMENTATION. ALL DOCUMENTS BROUGHT TO THE VISA INTERVIEW SHOULD BE IN THEIR ORIGINAL FORMAT WITH NO INDICATION THAT THEY HAVE BEEN MODIFIED OR FALSIFIED. THE CONSULATE WILL DENY YOUR VISA IF ALL REQUESTED DOCUMENTS ARE NOT BROUGHT TO THE INTERVIEW AND/OR IF THEY FEEL THE DOCUMENTS ARE NOT LEGITIMATE. YOU MAY WANT TO CHECK WITH YOUR LOCAL CONSULATE FOR ANY ADDITIONAL REQUIREMENTS.
- STEP 5: Know what to expect during your VISA Interview.
 - The primary determination of the visa consular is based upon establishment of "strong ties." Immigration law assumes that all non-immigrants are potential immigrants. Therefore, it is important to prove to the visa consular that he/she intends to return to their country. For an additional explanation, visit http://travel.state.gov/visa/frvi/denials/denials_1361.html .
 - Issuance of your visa is not determined by race or sex. US consulates have certain policies and procedures they must follow.
 - You only have 5-10 min. on average to make your case, so you should be prepared.
 - The officer may or may not look at your documents, they are trained to be able to judge the situation based on your verbal

interview. You should however prepare your file, in case you are asked for it.

- You should answer your questions honestly and concisely.
 - The immigration officers in the consulate conduct hundreds of interviews every month; they are very well trained professionals and they can determine with one to five questions the results of your case. They will be looking at your body language and listening to your tone of voice. Be confident and make eye contact.
 - You should also know the exact details of your training, the costs involved, where you will be staying and what type of aircraft you will be flying.
 - Know how much airline pilots make in your country and how the hiring requirements are different from the United States, and explain to the officer that it would be a lot easier for you to complete your training and get an airline job in your country instead of trying to get a pilot job in the US.
 - If this is a late career change, ensure you know the exact age requirements for most airlines in your country. Depending on the need for pilots, on average you should still have 20 plus years to enjoy a new career in aviation.
 - Remember, they are human just like you, so you need not be afraid or nervous around them, the worst that could happen is they say no., which is not the end of the world, you can always try again.
 - That you will come back to your country. You must establish "strong ties." For example, possessing a residence abroad that you have no intention of abandoning or having a job that you plan to return to proves "strong ties."
 - If you are taking a student loan to pay for your training against your family residence make sure you mention this to the officer so they know that you have to come back to pay the loan otherwise your family will suffer.
- STEP 6: Attend VISA Interview

VISA APPROVED, NOW WHAT?

- Notify FANO of VISA Approval by emailing the Director of Admissions, Krystal Hukmani, at info@877flynola.com.
- The Director of Admissions will advise a date for course commencement. The date indicated on the I20 is only an estimated time for program commencement. There are a number of other variables that must be considered once final VISA approval is received. IT IS NOT UP TO YOU TO DECIDE WHEN TO ARRIVE IN THE US.
- Arrangements should be made to wire transfer the required flight training payment as indicated in your Flight Training Agreement at a minimum of two weeks prior to your arrival.
- Travel arrangements should be made only after remitting payment and receiving confirmation from FANO Admissions that the payment has been received. Please forward an official scanned copy of the bank wire transfer receipt to the Director of Admissions.
- Once a travel itinerary has been confirmed, a scanned copy of the complete itinerary should be forwarded to the Director of Admissions so that proper arrangements can be made for airport pickup.
